Step 1: Sign in using your preferred method

The screenshot shows the AWS Workshop Studio sign-in interface. At the top, there's a dark blue header with the 'aws workshop studio' logo and a settings icon. Below the header, a breadcrumb trail shows 'Workshop Studio' followed by a chevron and 'Sign in'. The main content area is a light gray box with a white border. Inside, the heading 'Sign in' is followed by the instruction 'Choose a preferred sign-in method'. There are three sign-in options, each in a white box with a thin gray border. The first option, 'Email one-time password (OTP)', has an orange header bar. Below it, a text input field is labeled 'Enter your personal or corporate email to receive a one-time password'. The second option, 'Login with Amazon', has a white header bar. Below it, a text input field is labeled 'Login with your Amazon.com retail account'. The third option, 'Amazon employee', has a white header bar. Below it, a text input field is labeled 'Login with your Amazon Corporate account. Only for Amazon Employees.' At the bottom of the page, a dark blue footer contains the copyright notice '© 2008 - 2023, Amazon Web Services, Inc. or its affiliates. All rights reserved.', a 'Privacy policy' link, and a 'Terms of use' link.

aws workshop studio

Workshop Studio > Sign in

Sign in
Choose a preferred sign-in method

Email one-time password (OTP)
Enter your personal or corporate email to receive a one-time password

Login with Amazon
Login with your Amazon.com retail account

Amazon employee
Login with your Amazon Corporate account. Only for Amazon Employees.
